

Solaiemes joins KIS 100 Club, EU sponsored network of young companies with high potential Knowledge Intensive Services. 21/October/2008.

Madrid, October, the 21st. Solaiemes joins KIS 100 Club, which is part of the Knowledge Intensive Services - Innovation Platform (KIS-IP), a new initiative funded under Europe INNOVA, with the aim to accelerate the take-up of services innovations in Europe and form a community with the most interesting and successful companies in Europe with high growth potential in the KIS area.

The Club, which is accessible by invitation only, provides members with an opportunity to network with their peers and develop new co-operation partnerships with businesses from other sectors and markets. It also offers a good publicity platform and a forum to discuss common regulatory, technological and organizational issues with other companies. For more information about the Club, please check the brochure <http://www.europe-innova.org/servlet/Doc?cid=10508&lg=EN>.

The first KIS 100 Club summit will be hosted as part of the Europe INNOVA Conference 2008, at Lyon, France, 22-24 October 2008. Solaiemes co-founder Jose María Recio will be attending the event.

About Solaiemes.

Solaiemes is a mobility-focused technology company, with a value proposition strongly focused on creating innovative, new use cases for mobility, and increasing usability on the mobile side. Solaiemes leads the way in monetizing and getting the most from current data networks and mid-tier handsets, generating value for MNOs, enterprises, service providers and Web 2.0 communities. With Solaiemes technology concepts as m-CRM (customer relationship management), m-ERP (Enterprise Resource Planning), and m-UGG (user generated content in WEB 2.0) finally become feasible. www.solaiemes.com

About KIS Innovation Platform.

The KIS Innovation Platform, was initiated in February 2008 and has duration of 3 years. It will foster technological and non technological innovation in services whilst taking into account the dynamic interconnections between research, skills, entrepreneurship, finance and clusters and addressing the needs of high growth ventures active in KIS. The platform provides horizontal support services via online tools, informative resources and European KIS contests that aim to identify top European KIS SMEs as well as creating a dynamic community for mutual

learning and exchange of practical experience. For more information about KIS Platform:
